

a baked
potato

baked beans
(or cream style corn)

a yummy
meal, full of
goodness

Bake your potato

Pierce the skin and cook for 60 minutes at 200°C in the oven.

OR 3-4 minutes on high in the microwave *for each potato*.

Heat your baked beans

or cream style corn in a saucepan, stirring gently.

OR pour in a bowl and heat on high in the microwave for 1 minute, stir and heat for another minute.

Top it off!

Simply pour the beans or cream style corn over your baked potato. *One can is enough to top around four potatoes.*
